Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels are forecast to remain Low across the UK on Friday, with the recent cold and clean air persisting across the country.

Tomorrow: A marked change in the weather is expected with rain, preceded by some snow, strong winds and milder temperatures moving in. However, air pollution levels are expected to remain Low.

Outlook: Strong winds Sunday will only gradually ease through the outlook period, preventing the build-up of any pollutants. Low levels of air pollution are expected to persist.
